Home seller "I first must give credit where credit is to due. Gamini has a holistic approach, and part of his real estate services includes creating a financial plan. It gave us great confidence to take all decisions in selling our investment property. Gamini Team's advertising, virtual staging, and 16 key marketing systems fit my home and put us over the top with buyers. From the pricing of my house, handling the offers, and negotiate price and all contingencies are top-notch. Thanks for his negotiating skills; we got 100K over the asking price in 7 days. We fully encourage anyone to work with Gamini & the Gamini Homes team. One thing I can say about Gamini is that he was more than just our real estate agent, he was through the whole process a trusted friend, giving great advice and guiding us along the way"

Home Buyer "We were first time home buyers, found Gamini through social media. His 3 step process that explains from financials needs to choosing the right house according our budget was excellent. His team including mortgage professionals are equally helpful. We were able to find the right house because of Gamini's professionalism and dedication, within a very short period of time. His personalized attention and follow up on details until the deal was done has been remarkable. His services before and after the purchase, that includes advices on financial management were very helpful. We highly recommend Gamini to anyone who wishes to buy or sell a house to seek his service, you won't be disappointed.
